

**Marin County IPM Program
Application for Limited Use Exemption**

Person Requesting: Jim Chayka Date: August 22, 2017

Department: Marin Parks -Landscape Division Phone: 473-3639

Proposed Material: Pt WaspFreeze II EPA Reg. Number: 499-550

Active Ingredient: Prallethrin

Amount of material needed: 17.5 oz. (usually one pre-measured can) per nest

Location of Proposed Use: Marin Park and County of Marin Lands

Reason why Restricted: WaspFreeze is no longer produced and is replaced by PT Wasp-Freeze II. The new product contains similar active ingredient—a pyrethroid but has different EPA number. Product is on Marin IPM use list. The exemption is requested for blanket use of the product with less than 4 days prior notice in emergencies (i.e. someone has gotten stung; nest is in vicinity of people.)

Reason for Need: Active yellow jacket nests

Options/Alternatives: Traps have been placed and monitored.

Plan to Preclude Future Use: Continue to monitor and trap insects and queen wasps at appropriate time of the year.

Time Period Needed: The exemption request is for the rest of 2017. We will ask for a request at the beginning of June each year.

Request Approved,

Request Not Approved
